

Dated 29th March 2026

Dear Alice Court, Kunal Gadhvi, Darren Malone, Jessica Lavelle, Hugh Miles, Jovana Vasiljevic, and Paul Castellani,

The past five years have been very difficult for me.

I have always had an honest career in football, and people know me for that. I fought in the courts for five years, while also facing five years of mental pressure arising from the conduct of your firms, you did not uphold the rule of law.

I came forward with the truth and did not tell lies. I sat in court while, Alice Court, you advanced a case for your client that was not true, and which you knew was not true. You had letters from the court-appointed administrators confirming that no liquidation set-off had been agreed, yet your whole defence was based on that position.

Lord Coulson identified your clients as disruptive, yet you defended them without that caution.

Please reply, because this has affected me and my International business in a very serious way. I will not stop until the truth comes out. That is how I started this fight when Sky News interviewed me live on television about what these same directors, your clients, had done.

As you are well aware, the claim for damages concerns the worldwide harm caused by Irwin Mitchell and Kennedys. The football world will know our story.

Yours sincerely,

A handwritten signature in black ink that reads 'Ian Rush'.
